

CHEERS FOR MOLINEUX

News of His Acquittal is Hilariously
Received by the People of
New York City.

OLD GENERAL GREATLY HONORED.

New York, Nov. 12. — Roland B. Molineux was set at liberty Tuesday after spending nearly four years in prison and being once condemned to death and twice placed on trial for his life for the murder of Mrs. Katherine J. Adams.

But thirteen minutes sufficed for the jury to reach a verdict of acquittal at the close of the trial that has lasted four weeks, the first trial which resulted in Molineux's conviction and sentence having been prolonged for about three months.

The verdict, which was confidently anticipated, was greeted with an instantly suppressed outburst of applause. Justice Lambert having delivered a stern admonition that no demonstration would be permitted.

Molineux who was brought into court as soon as it was known that the jury had agreed, was apparently as unconcerned as he has been throughout the trial and gave no evidence of emotion when the words that established his innocence were pronounced. His aged father Gen. Molineux, was deeply affected and could with difficulty respond to the greetings of friends who pressed forward to offer the congratulations.

Immediately after the rendering of the verdict the prisoner was formally discharged from custody and left the court room with his father and counsel. On passing out of the building the three were cheered by a great crowd that gathered in anticipation of the acquittal.

From the criminal court building, Molineux went to the city prison. In making his way to his old cell, and thence to the front entrance, he traversed a considerable portion of the old and the new prison, and everywhere he went the news of his acquittal went too, and the prisoners cheered him. He even went through the women's department, where there were many who cheered him. Molineux, accompanied by Gen. Molineux and two of his attorneys entered a carriage and were driven away. About 3,000 persons, cheering and shouting, surrounded the carriage and greatly delayed its departure. The keepers of the Tombs prison came out and shook hands with Molineux and many people waved handkerchiefs from the windows in the street.

After removing his effects from the Tombs, Molineux went to his father's home in Brooklyn where he was again cheered by a large crowd.

Gen. Molineux when asked for an expression of opinion on the verdict wrote and signed for all his reporter friends, the following:

"The struggle is over, the battle done. And might has lost, but right has won."

RUSSIAN DESERTERS.

Finnish Soldiers Reach Ohio
After Giving the Czar
a Slip.

Conneaut, Nov. 12.—Fifteen Finns arrived in this city last evening, after escaping from the Russian army. They were soldiers at the time Russia exerted her power to bring the Finnish army under Russian control a year ago. From that time the Finnish soldiers have been deserting from the army as fast as opportunity offered.

The party that arrived at Conneaut left the army the same day, having obtained short leaves of absence. They had previously had friends obtain passports for them and under their friends' assumed names they fled from Finland. Before their leaves of absence expired they were beyond Russian territory.

They report that about a week prior to their leaving about forty of their fellow Finnish soldiers escaped from a neighboring regiment by concealing themselves in the coal bunkers of a trade vessel.

The latter party expected to come to Ohio lake ports to go into the ore handling work.

The bank has been able to pay dollar for dollar and after the entire indebtedness had been paid off there will remain assets to about \$20,000, enough for the stockholders to receive between 30 and 40 per cent of the amount paid in on their stock.

CANTON MAN TAKES POISON

Leonard Pearce Drinks Quantity of
Chloroform on Street in Massillon
Tuesday Evening.

CAUSED BY DRINK AND DESPONDENCY

Leonard Pearce, aged 25 years, a married man, of Canton, drank a quantity of chloroform in Massillon Tuesday evening about 8 o'clock. He will recover, and is now at the city jail in Massillon being cared for.

Patrolman Getz saw the young man in the vicinity of Mayor Bell's home displaying the bottle of poison, and threatening to take the stuff. Mayor Bell was telephoned to in regard to the matter, and sent an officer, who found the man lying on the ground on Summit street. The officer at once summoned Mayor Bell, who came at once bringing with him Dr. D. W. Gans. Higer's ambulance was called, and the young man, now unconscious, was taken to the jail. A stomach pump was used by the physician, and by giving the man careful attention during the night his recovery from the effects of the poison was made certain.

The cause of the attempt at suicide is domestic troubles, it is claimed. Pearce was in Akron Tuesday in search of work, but was unable to find employment. He went to Massillon in the afternoon, and after drinking a quantity of liquor, purchased thirty cents worth of chloroform which he drank.

His brother, Fred Pearce, is in Massillon assisting in caring for him, and will bring him to Canton as soon as the sick man's condition will permit.

A THANKSGIVING DINNER.

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. A THANKLESS TASK.

Akron, Nov. 12.—Julius Farthing, a musician, has just completed the task of writing two of Tom L. Johnson's speeches as reported in the Plain Dealer during the campaign, upon an ordinary postal card. There are 3,698 words in the two speeches and the writing is properly punctuated. Only with a magnifying glass can it be read. Farthing worked six hours and forty minutes writing the speeches. He used no glass and did most of the work by lamplight. He will mail the postal to Mayor Johnson.

A LETTER TO OUR READERS.

New Haven, Addison Co., Vt. Dr. Kilmer & Co., Binghamton, N. Y. Gentlemen: About a year ago I was suffering from what I supposed was rheumatism. I became so bad that I could hardly get on my feet from a sitting position. I run down in weight from one hundred and nine-five to a hundred and forty-five pounds. I tried different kinds of medicine but received little or no help. I saw Dr. Kilmer's Swamp-Root highly recommended for kidney trouble, but I never had any idea that my kidneys were affected. I thought I would try a fifty-cent bottle of Swamp-Root and see what the effect would be. I commenced taking it according to directions and in a few days I saw that it was helping me. I used the fifty-cent bottle and then bought two more dollar bottles, and they completely cured me. I have got back to my original weight one hundred and ninety-five pounds, and I am a thorough advocate of Dr. Kilmer's Swamp-Root. Very Truly,
Feb. 17, 1902. Wm. M. PARTCH.

You may have a sample bottle of this wonderful remedy, Dr. Kilmer's Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make a mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

TO CELEBRATE OHIO'S DEBUT

One Hundredth Anniversary of Signing
First Constitution to be Observed
at Chillicothe.

PROGRAM HAS BEEN ANNOUNCED.

Special to News-Democrat.

Chillicothe, O., Nov. 12. — The recent act of the general assembly, in appropriating \$10,000 for the purpose, insures the holding of Ohio's centennial celebration in the spring of 1903. The celebration will be held at Chillicothe, the first capital of the state, under the auspices of the State Historical and Archaeological society, in May, this month being decided upon in place of March when the first state administration was inaugurated, on account of the usual inclemency of the latter month.

Another centennial anniversary is to be celebrated at Chillicothe which will be a fitting prelude and preparation for the state celebration. This is the one hundredth anniversary of the signing of the constitution of Ohio, which took place on Nov. 23, 1802. The adoption of this original constitution marked the completion of the labors of the convention, which met at Chillicothe on Nov. 1, 1802, pursuant to an act of congress authorizing it, for the purpose of deciding upon the expediency of statehood for the Eastern division of the Northwest Territory, including, practically, what is now the State of Ohio.

The celebration of the anniversary of this event which was important not only to Ohio but to the country at large, will be held at Chillicothe, Nov. 25, 1902. At eleven o'clock in the morning, as part of the exercises, will be the unveiling of a bronze tablet marking the site of the first state house and commemorating the signing of the original constitution. The tablet bears, in two medallions, surrounding wreaths of buckeye leaves, and separated by the Roman fasces, the insignia of state, in one, the original seal of Ohio, and in the other a representation of the old state house. Below are the words: "On this site stood the first statehouse of Ohio, wherein was adopted the original constitution of the commonwealth, November XXIX, MDCCCII." In the afternoon will be held a public meeting, at which the principal address will be delivered by Hon. John A. T. Hull, of Iowa, well known as the chairman of the military committee of congress. Mr. Hull is not only an Ohioan by birth, but is descended

from a brother of Edward Tiffin, first governor of Ohio, so that his choice is peculiarly felicitous. Invitations are being issued to the state officials, the Ohio congressmen, distinguished ex-Ohioans, members of the State Historical society, descendants of the signers of the constitution, etc. The event will be full of historical interest, and a general invitation is extended to anyone and everyone who is interested in the history of Ohio, the first and greatest state carved from the Northwest Territory.

BOUGHT THE BOYS

And Was Unwilling to Part
With Them — Strange Tale
from Canal Dover.

Canal Dover, O., Nov. 12. — An almost incredible story of child slavery has come to light in this city by the placing in the County Children's home of two little boys, Henry and John Smith of Newcomerstown, a village south of this city. The father of the boys disappeared some months ago and nothing is known of his whereabouts.

A colored farmer near Mineral City, a village six miles east of this city bought the children and took them home with him. About two weeks ago the boys ran away and returned home. The farmer went to Newcomerstown and demanded his human property.

H. B. Kennedy, a trustee of the home, learned the facts and demanded the children. He brought them to this city and placed them in the home where they will remain until proper places can be found for them.

HERE'S A MYSTERY.

Akron, O., Nov. 12.—There is a mystery connected with the death of ex-Councilman Homan, who killed himself in Cleveland. When he left here he had between \$800 and \$900 which he intended using in buying goods or in the purchase of some business. Deputy Coroner West found but \$44 among Homan's effects at the Hawley house. It is believed here that Homan was robbed and that worry over his loss caused him to take his life.

HE COULD HARDLY GET UP.

P. H. Dury, of Ashley, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down." Sold by Roth & Hug.

INVOKE AID OF FARMERS

State Fish and Game Commission
Wants Yeomen to Help Enforce
the Game Laws.

NOTES FROM OHIO'S CAPITAL.

Columbus, Nov. 12.—The state fish and game commission is anxious to secure the co-operation of the farmers in the enforcement of the fish and game laws, and the latter are manifesting a disposition to work in harmony with the commission, which has promised to aid the farmers in the organization of fish and game protective clubs, whose purpose it will be to prevent illegal fishing and hunting. Game Warden Porterfield has addressed a circular letter to his deputies, calling upon them to be diligent in the exercise of their duties. He urges them to give special attention to the sections of the game laws for protection of rabbits and quail. Rabbits may be killed between Nov. 10 and Dec. 1, inclusive, and not more than 18 quail, woodcock, geese, plover or snipe and 25 wild ducks may be killed by one person on any day. Mr. Porterfield says: "We hope to suppress the 'game hog' and protect as far as possible the supply of fish and game for propagation another year." He says that these instructions will in no way distress honest, legitimate hunters.

Senator Patterson, of Pike, says that Hanna will dictate the selection of a candidate to run for governor on the Republican ticket. He said: "We will let the old man select the man of course. Whoever Hanna is for will be the nominee, but I can tell it will not be another Nash. The man we nominate this time must be willing to stand hitched. He must be for the Hannaites at all times." Governor Nash has said that he will not take any part in the gubernatorial contest.

A certificate of consolidation of the Pittsburgh, Lisbon and Western Railway company and the Shenango and Beaver Valley Railroad company has been filed with the secretary of state of Pennsylvania, which completes the legal procedure relative to the reorganization of the first named company and its absorption of other lines. It is understood the company will build an extension from Lisbon, due west, to connect with the Wabash at Minerva. Terminal points are to be established at Steubenville, Salem, Ashtabula Harbor and Marion.

Ex-Sheriff Samuel Noragon, of Columbiana county, who was defeated for re-election by C. P. Leonard, Democrat, who for ten months has been filling the position of foreman of locomotives on the Cleveland and Marietta division of the Pennsylvania system, with headquarters at Cambridge, has been transferred to the Columbus, Sandusky and Hocking Valley railroad, extending from Columbus to Sandusky, which the Pennsy recently acquired. He will have headquarters at Columbus.

The following order issued by the adjutant general on Tuesday afternoon will be of interest to the National guardsmen of the state:

"For the purposes of safety, convenience, and uniformity, officers of the Ohio National guard, wherever practicable, are to use what are known as 'indemnity' or 'trust company' bonds, instead of individual bonds, in complying with the requirements of law and existing orders.

"In order to pay the premiums on said bonds, authority is hereby granted to deduct such expense from the incidental funds provided by the state under the provisions of Section 3080, revised statutes, due accounting therefor to be made in the annual reports filed by regimental and company treasurers."

WHY DISEASES BECOME CHRONIC

Nerve Force Regarded by Scientists
More Important than the Blood.

A \$4.00 TREATMENT FREE.

The blood was formerly regarded as the life-giving principle and to its condition was attributed all that there was of health or illness. Now, physiologists know that nerve force and vitality are the same, and that the constitution, good or bad, depends upon nerve force.

Nerve force controls all motion, sensation, digestion and nutrition. An abundance of this subtle energy means health and vigor; a lack of it causes general debility, nervous prostration, premature decline, disease and death. Nerve force is chiefly generated in the brain, and therefore in the treatment of all lingering diseases the condition of the brain centers should be carefully considered and treated. One great cause of diseases becoming chronic is that physicians overlook the fact that deficiency of nerve force is the chief cause of most diseases. Nervous prostration is due to lack of nerve force.

Dr. Miles' Neuropathic Treatments strengthen and invigorate the nerve centers. They are the result of twenty-five years' careful study, extensive research and remarkable success. They build up the system by increasing nerve force, and have won for Dr. Miles the thanks of thousands of sufferers.

Mrs. A. Kronck of Huntington, Ind., was cured after thirty physicians failed; Mrs. Flora Graeter of Bristolville, O., after twenty-two; Jas. R. Waite, the noted actor, after a score had pronounced him incurable; Mrs. Frank Smith of Chicago, after five leading physicians had given her up; Mr. Julius Kolster of Chicago, after ten; Mrs. R. Parker after sixteen failed.

The treatments are not generally advertised, but every chronic sufferer is invited to write for Dr. Miles free book and Examination Chart. \$4.00 worth of Treatment especially prepared for each case will be sent free as a trial. Address, Dr. Franklin Miles, 203 to 213 State Street, Chicago, Ill.

When writing mention the Stark County Democrat.

President of the Ontario and Western railroad, and one of the most prominent of the anthracite coal barons.
